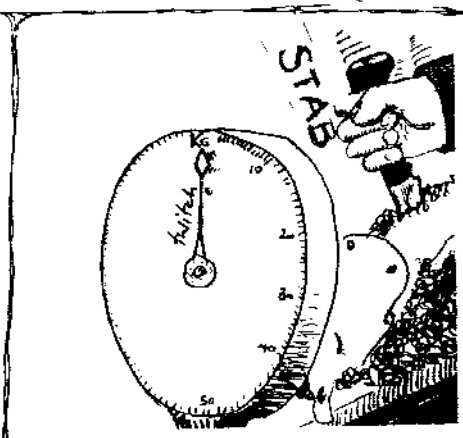
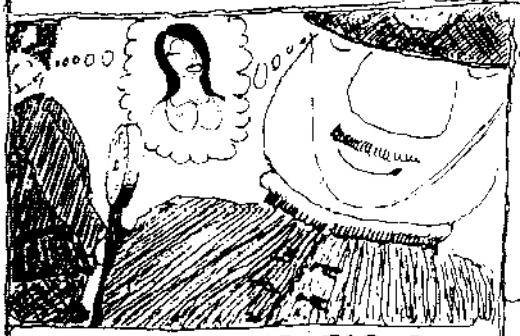
The Nuclear lobby's "AVERAGE ENERGY TRANSFER" model of RADIATION DOSE has been so successful that SERGEANT MERCER applies it to KINETICS to investigate a SUDDEN DEATH...

NOW JOSKIN. DON'T JUMP TO ANY CONCLUSIONS. QUESTION IS...

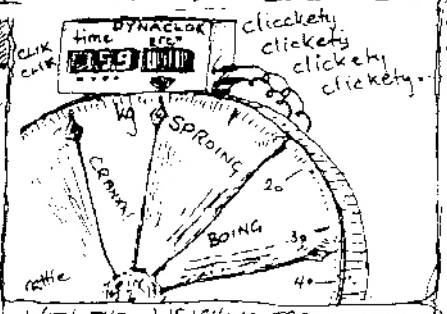
....HOW MUCH FORCE DID IT TAKE TO DRIVE THE BLADE IN?



A WEIGHING TABLE AND THIS DEAD SHEEP WILL TELL US.



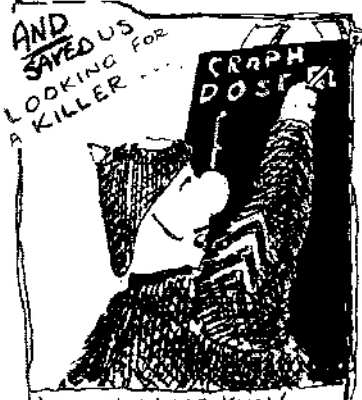
NOW TAKE THE TABLE DOWN THE MASSAGE PARLOUR. BOOK FIFI FOR A ONE HOUR SESSION



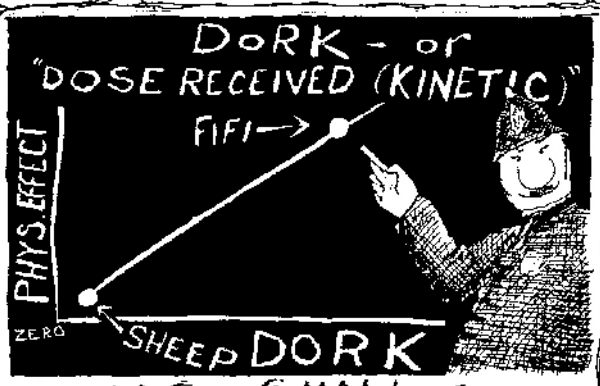
WITH THE WEIGHING TABLE WIRED TO A TIMER, MERCER RECORDS ALL THE ENERGY FIFI PUTS INTO KNEADING, PUMMELLING AND OTHERWISE STIMULATING HIS AMPLE FLESH.

JOSKIN WORKS OUT THE DOSES

NO LAD! SHE DID ME GOOD...



'COS NOW WE KNOW THE ENERGY DOSE FROM THE KNIFE...



...WAS TOO SMALL TO HURT A FLY! SO CHUMMY DIED of SOMETHING ELSE!
